

## Update to AutoCAD® 2005 Seminar by CCAD inc.

The outline below summarizes the topics covered in our **One Day Update to AutoCAD 2005 Seminar**. This seminar presents the significant changes and additions to the software since AutoCAD 2002. Participants should be proficient using AutoCAD 2002 and be familiar with Page Setups, Layouts and External References. If you are upgrading to AutoCAD 2005 from an earlier version or desire instruction on the topics above, you should consider our **Fast Track to AutoCAD 2005 Workshop**.

Price: \$229 per student. See our website for discounts. Call to schedule this workshop at your location.
